CHARLOTTE VAN WINDEN

In my work, I seek imaginative solutions to misunderstood and unresolved phenomena in an 'experienced reality', presenting them in an ambiguous manner where contradiction and overlap converge within the imagery. My fascination with systems of human behavior, both at an individual level and within society, extends from the present to history. I delve into studies of thinkers such as Foucault, utilizing them in my work to explore new meanings as an associative web of the contemporary zeitgeist. Moreover, I draw inspiration not only from historical systems but also from alternative systems around me, such as those found in nature. With a particular fascination for earthworms, whose hidden world provides a source of insight and wonder. These explorations often manifest in videos and performances, where I employ hastily crafted props and sets. Additionally, I have delved into other mediums such as drawing, painting, collage, and textiles to portray these musings and thoughts in alternative ways. My work is infused with philosophical inspiration and personal daydreaming, weaving complex ideas and concepts into visual and conceptual expressions. In addition to my artistic practice, I develop my own educational lessons and workshops for both children and adults, combining my passion for philosophy and creativity to inspire and stimulate others or to pass on the love for a particular craft. Furthermore, I oversee a practical label in (wall) rug: Mama Chameleon, where I translate my artistic vision into functional and aesthetic designs.

INTERNATIONAL EXCHANGES/RESIDENCIES

- 2022 OBS De Klim Utrecht, Netherlands In
het jaar 2011 is OBS De Klim een
creatief partnerschap aangegaan met
de Stichting KunstBikken. Dit project is
met veel enthousiasme bij kinderen en
team ontvangen en vanaf het schooljaar
2013 - 2014 gecontinueerd in een
vierjarig verdiepingproject in het kader
van de Creatieve Partnerschappen van
de Gemeente Utrecht. Na die vier is het
project gestopt, maar zijn we als school
zelf ermee doorgegaan. Wanneer u bij
de hoofdingang staat wordt u omringd
door kunstuitingen van kinderen maar
ook in de school zelf is veel kinderkunst
te bewonderen. In het kunstatelier
krijgt iedere kind per schooljaar een
aantal workshops van de kunstenaar.
De kunstenaars werken binnen ons
aangeboden thema. [obsdeklim.nl/onze-

REVIEWS

- 2020 Out of Focus TV Maarten de Kroon Den Haag, Netherlands www.maartendekroon.nl/?projects=1 documentaire over Haagse kunstenaars in de eerste coronaperiode: "Musea en theaters zijn gesloten, het leven leek even tot stilstand te komen en ging online verder. Hoe reageren beeldend kunstenaars als Philip Akkerman, Nishiko of Charlotte van Winden en musici van het Orkest van de 18de Eeuw op die nieuwe situatie. Sommige kunstenaars, onder wie Anne Fehres en Esther Hovers maakten juist nieuw werk dat direct is gerelateerd aan de corona-crisis. Choreograaf Sol Léon zou samen met Paul Lightfoot met een bijzondere serie voorstellingen afscheid nemen van het Nederlands Dans Theater, en maakte 'noodgedwongen' een film, omdat de theaters in heel Europa op slot gingen. Schrijver Christiaan Weijts en beeldend kunstenaar Yuri Veerman reageren op hun manier op de gevolgen van de crisis op de cultuursector en de samenleving die we samen maken en die we wellicht, als gevolg van de crisis, anders vorm zouden kunnen geven."
